Chapter 1 by Ginger_Rebel

No one heard a word from her. Her mind wandered everywhere but her mouth kept shut. People saw her sitting with someone after school, they talked. Other than that she never spoke a word. The girl would tell her friend to never tell anyone else what they talked about. Her friend promised. But something seemed different, one day her friend acts like she doesn't care what she has to say.

"Aria. My name is Aria." The first words she spoke to anyone. As the words left her mouth she walked away. No one knew why she kept quiet, no one knew why she said this so suddenly.

Now she spoke a lot, her friends were back, she had perfect grades, and her mind still wandered. People would ask her about the day she spoke. Why didn't you speak for a while? Why did you suddenly speak? The questions buzzed around her. Would she tell?
